COMPILER

This bibliography is specifically designed to make researchers aware of graduate theses and dissertations relating to the history and politics of North and South Dakota. In addition, titles were selected from citations in volumes 30-35 of Dissertation Abstracts International, covering the period from January 1970 through December 1974. Works listed here are available through Inter-Library Loan Service. All doctoral dissertations are also available on microfilm from Xerox University Microfilms, Dissertation Copy Service, Ann Arbor, Michigan 48106.
